Basic Rules of Evidence

This application and the accompanying proving documents will be adjudged as follows:

- Primary or collateral evidence from vital statistics, courthouse or other government records, church or school records, etc., are considered usually to be beyond a doubt and excellent proof.
- Secondary evidence, such as census records, newspaper clippings, old letters, Bible records, county histories, published biographies or other family records CONTEMPORARY TO THE FACTS REPORTED, are considered almost as authentic. Title page and copyright page are a MUST when appropriate.
- Circumstantial evidence, implied facts, or hearsay are NOT considered proof, unless backed up by primary or secondary evidence.
- Oral, written or published family traditions are often wrong, and are NOT accepted as proof.
All proof documents must by themselves, or in combination with other documents, actually state the fact to be proved. Implied evidence is not accepted as proof.

This application, information, and all supporting documents and data become the property of the Henry County Genealogical Society.
